

We understand that behind every currency transfer there is a story that matters to you, which is why you are our most valuable currency. We value **you**.

Currency Partners is proud that some of the biggest names in Financial Services have chosen us as an approved and preferred specialist Foreign Exchange provider.

If you're thinking of investing abroad, we'll help your money go further and maximise the foreign currency you'll have available to invest by giving you access to the best pricing and service available in the market.

We typically save individuals between 1% and 3% (or R10,000 – R30,000 per R1 million transferred) on the retail exchange rates from the banks with our preferential wholesale pricing and premium Private Client FX service.

At Currency Partners, we are also equipped to offer specialist expert advice and assistance with the SARB's annual individual allowances and any related exchange control matters. We'll even handle the tricky process of obtaining your Foreign Tax Clearance Certificate from SARS for you as part of our all-inclusive service.

The benefits of our premium Private Client FX service include:

- Quick and secure online registration that places you under no obligation afterwards
- Pre-completed electronic currency forms (we don't require original documentation)
- Foreign tax clearance certificates from SARS
- SARB Exchange Control approval applications
- Offshore, Non-resident and Cash Management bank accounts
- Automatic market orders and target rate watch alerts
- "Better Price Promise" (we'll better any live comparative quote)
- Preferential wholesale pricing terms and all-inclusive exchange rates (save up to 3%)
